

**Track Changes
from Chapter 3 Section I v1.13
to Chapter 3 Section I v1.14**

Chapter	Section	Page	Change
3	—	I-4	<ul style="list-style-type: none"> If an individual is receiving aftercare following a hospitalization, a Z code may be assigned. Z codes cover situations where a patient requires continued care for healing, recovery, or long-term consequences of a disease when initial treatment for that disease has already been performed. When Z codes are used, another diagnosis for the related primary medical condition should be checked in items I0100–I7900 or entered in I8000. ICD-10-CM coding guidance with links to appendices can be found here: http://library.ahima.org/xpedio/groups/public/documents/ahima/bok1-050855.hcsp?dDocName=bok1-050855 http://library.ahima.org/doc?oid=107574.
3	—	I-9	<p>The CDC’s Healthcare Infection Control Practices Advisory Committee (HICPAC) has released infection prevention and control guidelines that contain recommendations that should be applied in all healthcare settings. At this site you will find information related to UTIs and many other issues related to infections in LTC.</p> <p>http://www.cdc.gov/ncidod/dhqp/gl_longterm_care.html http://www.cdc.gov/hai/</p>
