1. Physicians and Certain Other Practitioners (continued)

- F. \$18.420 – Effective January 1, 2010, for non-obstetrical anesthesia services to clients 21 years of age and older.
- G. \$23.220 - Effective September 1, 2007 for obstetrical anesthesia services to clients under 21 years of age. Implemented with respect to recipients under age 21 pursuant to the order of the court in *Frew v. Hawkins*, Civil Action #3:93/CV65 (Eastern District – Paris Division) on April 27, 2007 (Corrective Action Order: Adequate Supply of Healthcare Providers).
- H. \$19.580 - Effective September 1, 2007 for obstetrical anesthesia services to clients 21 years of age and older.
- (d) Access-based fees (ABFs) are developed to account for deficiencies in RBFs relating to adequacy of access to health care services for Medicaid clients and are based upon: (1) historical charges; (2) current total Medicare fee (i.e., RVU times Conversion Factor) for the individual service; (3) review of Medicaid fees paid by other states; (4) survey of providers' costs to provide the individual service; (5) Medicaid fees for similar services; and/or (6) some combination or percentage thereof.
- (e) General guidelines used when updating Medicaid fees for services provided by physicians and certain other practitioners, include, but not limited to the following: updating the Medicaid relative value units (RVUs) to those currently in effect for Medicare and multiplying the updated RVUs by the current Medicaid conversion factor to result in an updated resource-based fee (RBF); increasing the Medicaid conversion factor to increase RBFs for which no RVU update is required in order to increase access to services; changing an existing RBF to an access-based fee (ABF) when the RBF methodology does not provide sufficient access to care; and changing an existing ABF to a RBF as appropriate.
- (f) When a procedure code is nationally discontinued, a replacement procedure code is nationally assigned for the discontinued procedure code, and Medicaid implements the replacement procedure code, a state plan amendment will not be submitted since the fee for the service has not changed.
- (g) All fee schedules are available through the agency's website, as outlined on Attachment 4.19-B, page 1.
- (h) The agency's fee schedule was revised with new fees for physicians effective October 1, 2010, and this fee schedule was posted on the agency's website on October 8, 2010.
- (i) The reimbursement for services on or after September 1, 2010, will be reduced by one percent.
