

## **Elias Enriquez**

Elias Enriquez is a Nurse Consultant in the New York Regional Office of CMS. As part of his current duties, he is responsible for reviewing and auditing the Health Services Delivery aspects of Medicare Advantage Organizations including their credentialing systems. His previous assignment was with the CMS, Division of Survey and Certification. His duties there included oversight surveys and providing guidance in the compliance monitoring of Medicare certified health care facilities in Puerto Rico.

His prior experiences include acute care and public health nursing, nursing education and quality management.

Mr. Enriquez is a Certified Professional in Healthcare Quality (CPHQ).

He obtained a Bachelor of Science in Nursing from Long Island University, a Master's Degree in Health Education from Hunter College of CUNY, and Juris Doctor Degree from Fordham University.
