

Mr. Fernando Santos

Mr. Fernando Santos began working for the Office of the Commissioner of Insurance of Puerto Rico, in August of 2004 as a Principal Analyst of Policies in the Property and Casualty Insurance Actuarial Unit. In this role, he used to plan, coordinate and supervise duties performed by policy analyst subordinates. On February 2008, was assigned to the Financial Analysis Unit as a Financial Analyst. Mr. Santos provides support for the regulatory process of authorization for insurers, both in the domestic market and the International Insurance Center.

Prior to joining the Office of the Commissioner of Insurance, Mr. Santos used to teach mathematics, computer sciences, probability, statistics and economics to a wide range of students in the areas of engineering, natural sciences, business, liberal arts, education, and the social sciences, in various Universities and Colleges in Puerto Rico.

His formal education includes the areas of mathematics, computer science, probability, statistics, economics and international business. He holds a Doctor of Business Administration (DBA) with a major in International Business, a Master of Science (MS), and a Bachelor of Science (BS) both with a major in Mathematics.
