**Subject:** Programs of All-Inclusive Care for the Elderly Quality Measure Preliminary Public Comment Report

On September, 11, 2015 CMS posted a Preliminary Public Comment Report to our website related to four proposed quality measures for the Programs of All-Inclusive Care for the Elderly. The report summarizes the comments we received on these draft quality measures on August 17, 2015 and poses seven additional questions to the industry regarding the draft quality measures. We invite the industry and the public to review the comments received and respond to the additional questions posed. The Report and instructions for responding to the questions are available on CMS's website at: <https://www.cms.gov/Medicare/Quality-Initiatives-Patient-Assessment-Instruments/MMS/CallforPublicComment.html>. Responses are due by 11:59pm EST on September 24, 2015.
