Do Not Lose Your Ability to Sell Marketplace Plans for 2018

- CMS will programmatically remove your FFM agent/broker role if you were registered for plan year 2017, but do not complete registration for plan year 2018 before plan year 2018 Open Enrollment begins (**prior to November 1, 2017**).
- If CMS removes your FFM agent/broker role, you can re-establish it by completing plan year 2018 Marketplace registration via the CMS Enterprise Portal at <https://portal.cms.gov>.
 - You can complete training and sign the Agreement(s) any time, but cannot assist consumers prior to obtaining the role and completing all other applicable registration and training requirements for plan year 2018.

Note: If CMS removes your FFM agent/broker role, you will not be eligible for compensation by qualified health plan (QHP) issuers for assisting Marketplace consumers until this role is re-established. In addition, you will be systematically blocked from enrolling consumers through the Direct Enrollment Pathway, and new consumers will no longer be able to find you on HealthCare.gov using the Find Local Help tool.

Small Business Health Options Program (SHOP) Registration

To register to participate in the SHOP, you:

- Must complete the SHOP Privacy & Security Agreement in the MLMS
- May complete the SHOP training and exam
 - CMS recommends that you complete SHOP training, but this training is not required.

For more information about participating in the SHOP, go to the SHOP Marketplace Resources Page: <https://www.cms.gov/CCIIO/Programs-and-Initiatives/Health-Insurance-Marketplaces/SHOP-Marketplace-Resources.html>.

Best Practices for Completing Registration and Training

- CMS Enterprise Portal passwords must be changed every 180 days. Follow these steps to change the password:
 - Visit the CMS Enterprise Portal at: <https://portal.cms.gov/>.
 - Click “Forgot Password?” on the right side of the home page.
 - Follow the instructions to complete the action.
 - Use these same steps to recover your user ID.
- If you are locked out of your account and do not know the answers to your security questions, contact the Marketplace Service Desk at CMS_FEPS@cms.hhs.gov or 1-855-267-1515, Monday through Friday, 9:00 AM to 8:00 PM ET or (October–November only) Saturday and Sunday 10:00 AM–3:00 PM ET.

Best Practices for Completing Registration and Training (Continued)

- The MLMS works best with Chrome or Firefox web browsers.
 - Use the Computer Configuration Quick Reference Guide at: <https://www.cms.gov/CCIIO/Programs-and-Initiatives/Health-Insurance-Marketplaces/Downloads/MLMS-Guide-2018-Computer-Requirements.pdf> to prepare your system for the functional requirements of the MLMS.
- When taking the training on the MLMS, it is best to use the internal course navigation features and “Exit” button—not the browser back or close buttons—to navigate through the course.
 - Using the browser close (“X”) button to exit may cause issues with saving your place in the course or exam.
- You should capture a screenshot of each course completion screen prior to exiting to save as a secondary record of your completion.

Best Practices for Completing Registration and Training (Continued)

- You must enter a correct National Producer Number (NPN) in your MLMS profile to receive credit for completing registration.
 - The NPN can be up to 10 digits long and must not begin with a zero (0).
 - The NPN must not include any special characters or letters.
 - The NPN is generally not the same as your state license number. You should be sure to use your NPN, not a state license number.
- To update the NPN, select the “Complete Agent Broker Training” link and update the information in your MLMS profile.
- Agent and broker NPNs can be found at:
www.nipr.com/PacNpnSearch.htm.

You should confirm your NPN is correct in your MLMS profile. Entering an inaccurate NPN could result in denial of compensation or credit by an issuer.

You May Get An NPN Validation Warning When Entering NPN in MLMS Profile

- You will receive a “Cannot Be Found” pop-up warning if your NPN does not exist in the MLMS or Multidimensional Insurance Data Analytics System database.
- You will receive an “Invalid” pop-up warning if:
 - You have an inactive license.
 - You are not approved by the applicable state for a health-related line of authority.

NPN XXXXX was not found.

This could have occurred because of one of the following reasons:

You registered in a previous plan year under a different NPN.

You are a new agent or broker.

You are not a licensed agent or broker.

You may continue to take training and complete registration. However you should validate your NPN if seeking to receive issuer compensation and/or be listed on Find Local Help. For details on NPN validation, visit the Agent Broker Resources Webpage.

NPN XXXXX was found but is invalid.

This could have occurred because of one of the following reasons:

- Inactive license status
- Inactive line of authority
- Line of authority is not in a health-related field

You may continue to take training and complete registration. However you should validate your NPN if seeking to receive issuer compensation and/or be listed on Find Local Help. For details on NPN validation, visit the Agent Broker Resources Webpage.

Note: These NPN validation warnings will not prevent you from completing training and executing the applicable Agreement(s) with CMS. CMS will do an additional validation when adding your NPN to the Agent and Broker FFM Registration Completion List (RCL).

Validation of NPNs on the Agent/Broker Registration Completion List

- The RCL has a column that indicates when the NPN you entered in your MLMS profile has been validated for the current plan year.
- Validations include a check against the National Insurance Producer Registry database to confirm the NPN is associated with an active license and is approved by the applicable state for a health-related line of authority.
- Invalid NPNs remain on the RCL, but they do not display on the Find Local Help tool at HealthCare.gov; only agents and brokers with a validated NPN are searchable by consumers via Find Local Help.

The screenshot shows the Data.Healthcare.gov interface. At the top, there is a header with the logo and several action buttons: 'Manage' (gear icon), 'More Views' (infinity icon), 'Filter' (funnel icon), and a green 'i' icon. Below the header is a table with the following columns: 'NPN', 'Applicable Plan Year', 'Individual Market Registration Completion Date', and 'NPN Valid (Current Plan Year Only)'. The table contains five rows of data, each with a row number and expand/collapse icons in the first column. The 'NPN Valid' column shows 'Yes' for rows 53, 54, 56, and 57, and 'No' for row 55.

	NPN	Applicable Plan Year	Individual Market Registration Completion Date	NPN Valid (Current Plan Year Only)
53	7647127	2018	08/10/2017	Yes
54	9478449	2018	08/01/2017	Yes
55	17587479	2018	08/10/2017	No

CMS regulations establish additional requirements that apply when an agent or broker uses their own website, or that of another agent or broker, to facilitate enrollment in a qualified health plan through the FFM. CMS refers to such agents or brokers who enroll qualified individuals, employers, and employees through public-facing websites as "web-brokers."

- Consumers may not have to log in to their HealthCare.gov accounts as part of the DE Proxy Pathway, but they will continue to receive email messages and notices from the Marketplace.

What You Can Expect DE Proxy Partners to Communicate to Consumers

Introduction

Here at [DE Proxy Partner Name], we work with the Health Insurance Marketplace to help you get the health coverage you need. Read below to learn important information about how to get coverage through [DE Proxy Partner Name] and the Marketplace.

What's the Health Insurance Marketplace?

The Marketplace is a shopping and enrollment service for health coverage created by the Patient Protection and Affordable Care Act. The official Marketplace website is HealthCare.gov. The Marketplace helps people find out if they qualify for lower premiums or savings on out-of-pocket costs based on their income, or to see if they're eligible for free or low-cost coverage through Medicaid or the Children's Health Insurance Program.

How do I apply for and enroll in coverage?

You can apply and enroll with us. We'll send your information to the Marketplace through HealthCare.gov and let you know which programs and savings for which you're eligible.

What if I'm eligible for Medicaid or CHIP?

If you fill out an application and learn that you're eligible for coverage through Medicaid or CHIP, the Marketplace will automatically send your information to your state. We'll give you an eligibility results notice with more information.

What else do I need to know?

Even if you get coverage through [DE Proxy Partner Name], it's important to remember that you'll still get information directly from the Marketplace. Look for notices in the mail from the Health Insurance Marketplace and emails from HealthCare.gov. It's important to read these notices and emails because they contain important information about your coverage that you'll only get from the Marketplace. We'll tell you how to set up a Marketplace account after you finish applying for and enrolling in coverage.

Eligibility Results Requirements for DE Proxy Partners

- Provide the Marketplace Application ID
- Present at least the same summary level eligibility information displayed on HealthCare.gov, grouped together for persons with the same eligibility, and information included within the three sections on HealthCare.gov
- Ensure content provided in the second section of the screen is displayed to the consumer in connection with downloading the consumer's EDN
 - This content is dynamic and includes things like SEP, SEP Verification Issues, and other important information.
 - Consumers need to save the EDN PDF before being able to complete enrollment.
- Provide all the information below results, including the full Medicaid determination option (if displayed on HealthCare.gov), appeals content, and voter registration (If the consumer opts for full Medicaid determination, the DE Proxy Partner must select the names and submit them on HealthCare.gov's eligibility results page.)

EDN Requirement for DE Proxy Partners

- Download the consumer's EDN PDF and provide it to the consumer to review and save.
- The EDN should be presented in a similar way to HealthCare.gov (Consumers need to download the EDN PDF before being able to complete enrollment).
- Do not provide the EDN during enrollment or subsequent activities while enrolling whenever making a Fetch Eligibility web service transaction, because the notice could be outdated.
- Do provide updated eligibility information to the consumer.

DE Proxy Partner Communicates Next Steps After QHP Selection

Congratulations! You've enrolled in Marketplace coverage through [DE Proxy Partner Name]. Read below for more information on next steps.

What should I do now?

1. Set up a Marketplace account on HealthCare.gov. Follow these steps to set up your account:
 - Visit [HealthCare.gov/create-account] and enter some basic information, like your name, address, and email address
 - Choose a user name and password
 - Create and answer security questions for added protection
 - Select "Create Account"
 - Verify your identity by answering some basic questions based on information in your credit report
 - Enter your Application ID 123456789 to find your application

It's very important that you set up a Marketplace account, so you're able to:

- Read your notices and get important emails.
- Upload documents. You may need to submit documents to confirm information on your application. In some cases, you'll need to submit these documents before your coverage can start.
- Download forms you'll need when you file your federal income tax return.

2. Pay your premiums. To do this, [DE Proxy Partner's instructions].

What if I have a life change during the year?

If you have a life change, like you move, have a change in income, or get married, please let us know right away. To do this, [DE Proxy Partner's instructions].

Access to Marketplace Notices: Where to Find Them

- Even when using the DE Proxy Pathway, Marketplace notices for consumers will be accessible only through HealthCare.gov or mail.
- Clients must log in to HealthCare.gov to access Marketplace notices and tax forms.
- DE Proxy Partners will not have access to Marketplace notices other than the EDN.

IMPORTANT: You should IMMEDIATELY end Marketplace coverage with financial help for each person listed above who's also enrolled in Medicaid or CHIP. If you don't take action by [PDM timer date], the Marketplace will end any advance payments of the premium tax credit (APTC) and cost-sharing reductions (CSRs) to cover that person.

When the Marketplace ends the APTC and CSRs, Marketplace coverage for this person will

*Compensation in the
Marketplace*

Compensation in the Marketplace

- The Marketplace does not directly appoint or compensate agents or brokers.
- Agents and brokers who participate in the Marketplace receive compensation directly from QHP issuers in accordance with their agreements with those issuers and any applicable state-specific requirements.
- Unlike CMS in the Medicare Advantage program, the Marketplace does not set compensation levels.

Working with QHP Issuers

- To become appointed with a particular QHP issuer, we recommend you contact the QHP issuer directly.
- To get compensated for actively assisting a consumer with enrollment in a Marketplace QHP, you need to:
 - Be appointed and have a compensation arrangement with that QHP issuer in accordance with state law;
 - Have completed FFM registration for the applicable plan year at the time of enrollment; and
 - Be licensed with an active, CMS-approved health related line of authority in the state(s) where the QHP is offered.
- Issuers have the discretion to compensate you if you do not have an appointment at the time you assisted with an enrollment, but you otherwise comply with federal and state standards.

Working with QHP Issuers (Continued)

- If you have reason to believe that your NPN (or agency/brokerage NPN) should have been included on a Marketplace enrollment transaction, but was not, you may contact the respective QHP issuer directly to discuss the situation.
- CMS expects that a QHP issuer would issue compensation if it is determined from the issuer's or your records that you did in fact assist the consumer, but the NPN was erroneously left off of the enrollment.
- Such records may include a consent form from the consumer, an issuer's broker of record form, or similar documentation to demonstrate that the consumer was your client for the enrollment in question.

Issuer Marketing Practices That May Impact Compensation

Equivalence

- A QHP issuer must pay the same compensation for QHPs offered through the Marketplace as it does for similar health plans offered in the state but outside the Marketplace (See [45 CFR §156.200\(f\)](#)).
- If you have evidence demonstrating that QHP issuers are not compensating agents and brokers inside and outside the Marketplace the same, send your concerns, along with the supporting documentation, to the Agent/Broker Email Help Desk at FFMProducer-AssisterHelpDesk@cms.hhs.gov.

Prohibition on Discriminatory Marketing Practices

QHP issuers are prohibited from structuring agent/broker compensation arrangements to discourage marketing to and enrolling consumers with significant health needs (e.g., paying lower commission for higher metal level plan (platinum and gold), which are associated with higher utilization).

If you believe an issuer's compensation arrangement or marketing practice is discriminatory, contact CMS at marketconduct@cms.hhs.gov or your state Department of Insurance.

Tips from the Marketplace Call Center

- In most cases, you can use self-service options at HealthCare.gov to assist consumers enrolling in individual market QHPs through the Marketplace without contacting the Marketplace Call Center. Using self-service options frees up Call Center Representatives (CCRs) for more complex cases and reduces wait times for everyone.
- If you need help assisting a consumer, you may contact the Marketplace Call Center.
 - Available in English and Spanish 24 hours a day, seven days a week
 - Closed on Memorial Day, July 4th, Labor Day, Thanksgiving Day, and Christmas Day
- When you need to contact the Marketplace Call Center, try to avoid the following:
 - Calling during peak times—especially between 10:00 AM and 2:00 PM ET
 - Calling around the enrollment deadline (i.e., December 10-15)
 - Calling during HealthCare.gov outages (CCRs use the same tool for application/enrollment assistance)

Tips from the Marketplace Call Center (Continued)

- When contacting the Marketplace Call Center, consumers can grant permission to allow you to access their account information.
 - This Marketplace Call Center authorization is not the same as ensuring your NPN is on the consumer's application for payment purposes with issuers.
- Consumers will be asked to:
 - Provide the Marketplace Call Center with your full name and NPN
 - Elect the length of time the authorization is valid—this can be one call or up to 365 days
 - Update the authorization as needed prior to the beginning of Open Enrollment
- This authorization allows you to:
 - Call the Marketplace Call Center and access a consumer's information on the consumer's behalf
 - Participate in a three-way call with a Marketplace CCR and the consumer

When Is It Appropriate for Agents and Brokers to Seek Marketplace Call Center Assistance?

- You may direct consumer application questions or issues to the Marketplace Call Center.
- The following complex consumer situations may require support from the Marketplace Call Center:
 - You need to check the status of a consumer's data matching or SEP verification issue.
 - The consumer is part of a multi-tax household, and requires guidance on which household members should be part of different application groups.
 - You or the consumer are having technical difficulties completing the online application.
- For password resets for consumer HealthCare.gov accounts and SEPs not available on the consumer application, use the Direct Agent/Broker Partner Line (855-788-6275). You will need to enter your NPN to gain access.

When Is It Not Appropriate for Agents and Brokers to Seek Marketplace Call Center Assistance?

- The consumer (or you with the consumer's assistance) has not attempted to complete all required data fields in the online application.
 - Note the Marketplace Call Center is not staffed to enter consumer information for multiple applications.
- The consumer does not have ready access to personal information and/or specific documentation required to complete enrollment.
 - Use the [Marketplace Application Checklist](#) when helping consumers complete their applications and to be sure they are prepared to contact the Marketplace Call Center.
- You do not have a current Marketplace Call Center authorization and the consumer is not on the line.
 - Remember, Marketplace Call Center CCRs will not provide you any information about a consumer's application if the consumer is not part of the three-way call or has not previously authorized you to work on his or her behalf.
